Dear Hiring Committee:

My name is Larry Tomiyama. One of my responsibilities with the Calgary Catholic School Board is to supervise a team of professionals who support schools and families that face challenges. Laura Clark was an important part of this multi-disciplinary team as she performed her duties as a family support worker. As one of Laura Clark's direct supervisors, it is a pleasure to be writing a letter of reference.

Laura is an intelligent, compassionate and motivated individual. In the almost 2 years we worked together Laura demonstrated a maturity beyond her years when dealing with difficult and stressful situations. Our multi-disciplinary model requires each member to be collaborative and creative when problem solving difficult scenarios. Laura excelled in both of these qualities.

As part of her former responsibilities, Laura had to work directly with children, families, teachers, administrators, psychologists and many other professionals in order create a successful plan for the families she worked with. Being part of the solution for these families was evident in the way that Laura collaboratively and compassionately fulfilled her responsibilities. Laura quickly became a valuable member of our team her positive attitude is certainly missed.

It is without hesitation that I would strongly recommend Laura Clark for any position where she has the opportunity to support individuals or families facing challenges. Her work ethic and good judgment will be an asset to any organization.

Feel free to contact me if you require any further information. (403 500-2481)

Sincerely,

Larry Tomiyama
