To Whom It May Concern:

Please accept the following as a letter of professional reference for Ms. Laura Clark who is currently in the process of applying for teaching positions.

I came to know Ms. Clark when she served as a practicum student at St. Peter School where I served as the building principal.

During her assignment with us Ms. Clark was in a full day kindergarten class under the supervision of Ms. B. van Steelandt. It was a classroom with very diverse and complex needs. There were a number of children with severe behavior issues and most of the students were second language learners. The social economic demographic was perhaps the lowest in the city.

Ms. Clark let none of this stop her in her approach to becoming a professional educator. She worked closely with her teacher and other staff to find out what worked for kids. She availed herself to other staff and was open to all for new ideas and methodologies. More importantly she was confident in her sharing of her learning from her education program.

I found her to be hard working and dependable. She came to events at the school and her department was that of a seasoned professional. She gained the confidence of students, families and her colleagues.

Ms. Clark will be a credit to her chosen profession. I would be most pleased to have her as a member of my staff in the future. If you require more information please feel free to give me a call.

Yours sincerely

Richard Campbell
